

THE FARNHAMIAN.

Vol. XVIII., No. 3.

December, 1931.

Editorial.

Term began on Thursday, September 17th. As is usual at the beginning of the Autumn Term, there were many faces missing from the upper forms, but a corresponding influx into the lower half of the School has put things right, and our numbers are pretty steady at 250. The Sixth Form, indeed, has grown to monstrous size—it now numbers 29—and we repeat our remark of last year, that a big form at the top of the School is a good thing. It is proving itself to be so in our case.

* * * * *

The Prefects and Sub-Prefects for the current Term are :—

Prefects : A. J. Hall (School Captain), K. W. W. Bartlett (School Vice-Captain), V. H. Rumble (Assistant Games Secretary), H. S. North (Assistant Magazine Editor), E. A. Sheppard (Librarian), and A. G. Morton.

Sub-Prefects : A. R. Stay, N. J. Phillips, H. S. Smither, K. G. D. Crowhurst, E. J. Williams, L. J. Stroud, C. P. Briggs, and W. S. L. Smallman.

* * * * *

Here are the names of those who have left. To all of them we offer our good wishes : J. M. Bates, H. R. Bates, A. Campbell, J. D. Clarke, G. W. Comer, L. R. Dowsett, K. C. Dutton, W. A. Gardiner, R. A. Gates, G. O. L. George, B. M. Gowan, J. M. Hazell, F. E. Hobbs, L. Israel, D. F. Lander, J. A. Knox-Dick, N. F. Lowry, L. Luff, J. W. Mack, J. Mould, N. H. Patrick, P. T. Patterson, A. G. Purchase, R. Robins, L. J. Saltmarsh, A. A. Shephard, and P. M. Teague.

In addition, a number of scholars who had only been with us one year were transferred to the new school at Frimley. We hope that they are settling down in their new environment.

* * * * *

The Honours Boards in the vestibule have been re-painted and brought up to date. The result is very pleasing, and the imposing lists should inspire all to carry on such a tradition of distinction.

* * * * *

Congratulations to Harding House on being the first to win the Cock House Shield lately presented by Messrs. W. and H. Elphick.

And now that this splendid new Shield has been added to our collection of trophies, we want something more. Who will be so generous as to give us a large glass case to contain all the Shields and Cups of Inter-House Contests? Our grateful thanks in advance to such a donor.

* * * * *

The attention of readers is directed to the accounts of the swimming activities of last Term. It will be seen that House events have been separated from "individual" events, as in the Athletic Sports, the aim being to increase the interest taken in this branch of sport. Another point of interest is that for the first time for a number of years we entered for the Inter-School Competitions of the Surrey Secondary Schools' Swimming Association. Under the circumstances we were not disgraced.

* * * * *

Owing to the suspension of the Cadet Corps, no School camp was held this summer, but as an article shows, a few individual members have carried on a short tradition by camping at Pagharn.

* * * * *

It is unfortunate that the high price of the Magazine must be maintained, but it is necessary. The present somewhat swollen number partly warrants it, and so do our finances. Some day, when our numbers are greater, the Editor will be free from anxiety; but in the meantime it is a hard task to pay our bills. We commend the action of one boy who brought a small voluntary contribution to the Magazine Funds.

* * * * *

The Editor thanks Old Boys for their news and is grateful to all contributors.

* Pass in the Senior Grade.

The Debating Society.

SEPTEMBER 25TH.—At a business meeting Mr. Stroud was re-elected Secretary, and Messrs. North, Rumble, Hall and Bartlett were elected to the Committee.

OCTOBER 16TH.—Mr. Bartlett proposed : “That the study of Chemistry builds up character more than the study of Latin.” Mr. Hall opposed. Further speakers were Messrs. Williams, Smallman, Hern, Patrick and Rumble, and after a most enjoyable debate the motion was narrowly lost.

OCTOBER 23RD.—Mr. North proposed : “That Homework in Secondary Schools should be abolished.” Mr. Hern opposed. Many apparently had views to express, and only on the casting vote of the Chairman was the motion carried.

NOVEMBER 13TH.—Mr. Phillips proposed : “That the Boy Scout and Girl Guide movements are a failure.” Mr. Smallman opposed. Few could be induced to speak, and again on the Chairman’s casting vote the motion was carried. H.B.

Astronomical Society.

The Astronomical Society has already held several meetings this Term. At the first meeting R. P. De Burgh was re-elected Secretary, and H. E. Cook and D. F. Wagstaff were elected to the Committee.

The telescope has been in use on two occasions, the principal objects viewed being the double stars, Nizar and N. Cassiopeia, the star cluster in Perseus, and the great nebula in Andromeda.

On the second occasion the moon was two days past the half. Craters and mountains were visible, and the observers were considerably puzzled by the appearance of the Sinus Iridium.

H.S.S.

More Applied Verse.

That "Monday Morning" Feeling :

"Oh sleep! it is a gentle thing,
Beloved from pole to pole." (Coleridge).

Prayers : "O wad some power the giftie gie us to see ourselves as others see us." (Burns).

Economy : "Put out the light, and then—put out the light." (Othello).

The Perfect Scholar : "What he wrote was all his own." (Sir J. Denham):

The Troubles of a Housemaster : "To teach the young idea how to shoot." (James Thomson).

"Can I have my Games?" : "I am a man more sinned against than sinning." (Lear).

Honoris Causa :

"Lives of great men all remind us

We can make our lives sublime." (Longfellow).

Opinio Pueri : "Where ignorance is bliss

'Tis a folly to be wise." (Thomas Gray).

Prefects' Meeting : "The old familiar faces." (Lamb).

Detention : "Shades of the prison house begin to close
Upon the growing boy." (Wordsworth).

The "Astronomicals" : "Revit'st thus the glimpses of the moon." (Hamlet).

The following 1st XI. members have been awarded Cricket Colours :—

Re-awarded : K. G. D. Crowhurst, D. A. Murphy, J. W. Mack.

Awarded : N. J. Phillips, K. C. Dutton

THE CRICKET SEASON OF 1931.

We look back with pleasure on the cricket season, for the 1st XI. did remarkably well in winning all their matches, and several of the younger members distinguished themselves. This was especially pleasing, as it makes us hopeful for next year. Centuries were scored by Crowhurst and Murphy, for which they were awarded "Star" bats. Both received prizes for good all round play at the end of the Term, and Murphy the Headmaster's prize for fielding.

The batting on the whole was good, the bowling varied and steady, and the fielding sound, if not brilliant.

The 2nd XI. had good and bad days. The batting lacked enterprise, and steady bowling was not always backed up by good fielding. In fact, errors in the field lost us two games.

Two Junior matches were arranged for boys under 14, both of which we won, and the form shown by some of the players was very gratifying.

In House matches Mack and Hillyer scored centuries, Hillyer's in a Junior match being the first on record. H.B.

On the Gentle Art of Being a Bus Boy.

The art of travelling by bus is not one which can be easily acquired. Indeed, not many boys ever manage to learn even half of it, so that your perfect bus boy is one who should be treated with the highest honour and respect, since he is so rare; yet, on second thoughts, it may be fortunate that he is so, since a bus load of "saints only" would be very dull indeed.

One of the commonest types of erring bus boy is the sturdy, plump youngster who insists on telling stale jokes at the top of his raucous voice. One grows rather tired of this species at times, and any specimens who grow too offensive should be sternly repressed.

Another kind, whose behaviour should be regarded with horror, is the hefty youth who trips over the farmer's basket of eggs, treads on the old lady's feet, and sits down in someone else's seat with an innocent smile. This type is not so common as it used to be.

Yet another is the football fiend, who triumphantly yells, "Anyway, Massingberd beat Harding ten-nil last year," regardless of other conversation.

One more is the boy who habitually misses the bus, and who, as it disappears into the murk surrounding Shottermill, or vanishes round Hindhead cross-roads, wildly hurls imprecations and maledictions at it. This type is also not to be emulated.

Since these things are so, it is not to be wondered at that many old ladies think, to misquote Shakespeare, that "There is not a more fearful wildfowl than your bus boy living."

Therefore, beginner, to acquire the art you must do everything that these fellows do not. Then will you be far on the road to "Perfect bus boy-ism." Of course every new bus boy must learn the three rules of the bus: (1) Give up your seat to a lady. (2) No smoking allowed. (3) Please do not talk to the driver.

A fact which throws some light on the subject, is that conductors, when told "We've broken up," are often seen to heave a sigh of relief, and to wipe tears of joy from their eyes.

Still, as the bus on the last day of term groans its way to Churt, rattles to Tilford, or slowly climbs to Crondall, with its load of chattering humanity, it is quite nice to be—a bus boy.

"ONE OF THEM."

Inter-House Swimming Sports.

The Inter-House Swimming Competition has now been entirely separated from the School individual events. The diving took place on Friday, July 24th, Messrs. F. B. Lerigo, R. D. Slater and A. Bullen acting as Judges. The relay races were decided at the School Swimming Sports on the following Monday.

Surrey Inter-School Swimming Sports.

The School sent representatives to the Inter-School Competitions of the Surrey Secondary Schools' Association, held at the Sutton and Cheam Council Baths on July 16th. J. W. Mack was third in the 200 yards race for the Championship Shield (under 18), which was won by K. H. Barclay, of Rutlish School in 2 mins. 48 2-5 secs. Mack was fourth in the Quarter-mile (open), Barclay winning again in the record time of 7 mins. 5 4-5 secs. The School Diving team—N. F. Lowry, N. J. Phillips and D. A. Murphy, with R. Robins as reserve—was third in the Diving Championship (under 18), with 33 points, Sutton County School being first with 45.

Farnham Town Swimming Sports.

The School has reason to be proud of itself for the large number of entries (and successes) of F.G.S. boys in the Farnham Town Swimming Sports held on July 23rd. There were no fewer than 13 entries from the School, and F.G.S. boys carried off six of the prizes, including three cups.

The following is a list of successes that fell to the School:—

Senior Championship (Burnham Cup), 100 yards.—Won by J. W. Mack in 80 1-5 secs.

Junior Championship (under 16) (Seilern Cup), 100 yards.—Won by W. H. Dimmock in 103 1-5 secs.

Junior Championship (under 13) (Ladies' Cup), 100 yards.—Won by L. P. Jepp in 108 secs.

Diving (Boys under 16).—W. H. Dimmock was second and D. W. C. Jepp third.

Gentlemen's Obstacle Race.—Won by J. W. Mack.

Pagham Revisited.

During the month of August about ten past and present members of the School decided to go for a camping holiday to Pagham, near Bognor Regis.

Pagham was reached in various ways, and, having found the site for the tents, the camp was soon in full running order. We decided, wisely and well, to sleep about eight in the bell tent, instead of scattering ourselves amongst four tents.

We decided from the beginning to have our meals of a type necessitating a small amount of cooking. All the jobs and work of the camp were done in a sort of voluntary way, there being no defined duties for anybody.

The following average table gives a rough idea of the times of our meals, etc.:—8-9 a.m., got up and breakfasted; 11-1 p.m., bathed if nearly high tide; 2-3.30 p.m., lunched; 3.30-5 p.m., bathed; 5-6.30 p.m., tea; 7.15-12 (midnight), visited Bognor; 12-1 a.m., supper, bed and sleep.

All technical terms or phrases, like "rouse," "parade" or "lights-out," were absolutely taboo and were punishable in divers ways in quick, 1, 2, 3 time.

Owing to the revised condition of table-manners, there were two regrettable scenes. The first was the awe-inspiring spectacle, if not feeling, of a dozen fellows battling with cherry stones. It took days before we could get rid of the stones from our hair, pockets, ears or soap. The second incident concerned a potato—but on this we draw a veil.

One of our visitors, an Old Farnhamian, complete with a two-seater car, kindly took about eleven of us into Bognor and back in one afternoon—nearly a record. Imagine a car with a "dozen up" tearing through the crowded town, and speeding home in the dark at about 11 p.m.

The rent for our site was collected in really dramatic circumstances. Late one night, a fast van of American make came tearing up, and shot out numerous relatives of the land-owner. The ringleader of the same approached our inquiry bureau, and demanded from him the rent. The van then reloaded and shot off like a bolt from—a magazine.

A notice-board bearing the inscription, "Parva Domus. Magna Quies," was found knocking about on the foreshore one evening. It was carried in state to the camp, and there hung.

Two of us made rafts to try out on the briny deep, but in each case the briny was too deep for us, as the first raft sank and mine would not float.

Before we left Pagham we held a great auction of surplus stores and home produce. Great sides of bacon were knocked down for 2d. each, and bargains were prevalent in every department.

Well, Au Revoir to an unbeaten and unbeatable holiday.

Complaint.

When, curiously enough, Friday dawned fine and bright, two hundred and fifty boys heaved a sigh of relief. To-day the Sports heats were to be run off, and they had taken the long chance of not doing Thursday night's homework. It had come off, and they were happy. But not so me. I got up with a heavy heart, for I was to be denied a share in the general gladness. While everyone else, with the exception of one poor individual having the misfortune to be afflicted in the same way as myself, was to be having a good time on the field, gaily decorated with numberless small flags, and deck-chairs for those masters who felt so inclined, I was to sit for three solid hours in a classroom, with the blinds drawn to keep out the sun, and answer a paper on French Literature. The result of my efforts would probably be conned by a bewhiskered old gentleman who would get about half-way through and then, having formed an opinion sufficient for his needs, would put the whole lot in the waste-paper basket.

Arriving five minutes before time, I went down the steps to the field just to see what I was missing. Everything was going with a swing. A master, reclining in deck-chair, showing by his whole demeanour that he was contented with life in general, gave me the consoling thought: "Hard luck, but they won't let us put these things off, you know!" I concurred rather

half-heartedly, made my way to the torture chamber, and sat down. The master there, opened the envelope, and, with a smile on his face, gave me the paper. I looked through it. One question in particular struck me as typical of examiners: "Describe the character you found most interesting in 'Le Colonel Chabert.'" Was the man so inhuman as to imagine we found *any* character interesting in the confounded book? As I read through the rest of the paper, my spirits gradually sank. I settled down to work in a mental haze.

On my desk my watch ticked away mechanically. On the shelf, after much persuasion in the form of bangings and shakings, the official clock eventually decided to go. Vaguely I saw masters come in and go out, each with a fiendish expression on his face. They had been called away from the Sports heats! Still I pushed on, mechanically writing a lot about nothing. Once I brightened up when a tray was brought in containing teapot, bread and butter and cake, but alas! only one cup! The invigilator smiled a smile of pity, and proceeded to make a great show of pouring out the tea, stirring and slowly sipping it between large mouthfuls of cake. To add insult to injury, some tactless person had to choose that moment to thump out "Drink, brothers, drink" on the piano. I would have a reckoning with him afterwards? After another hazy period of time the master's voice came to me from a distance: "Finish off now."

I finished off.

But to think of having to do it all again!

The Library.

Books in the Lending Library now number 600. E. A. Sheppard is the prefect-in-charge, and under his efficient direction there has been an active demand for books. Exchange days are Monday and Friday at the end of morning school, and every boy in the School now has the opportunity of obtaining a regular supply of interesting reading.

Old Farnhamians' Association.

SUMMER GENERAL MEETING.

The Summer General Meeting of the Association was held at the School on Saturday, 11th July. The Headmaster presided, supported by Mr. R. W. Mason and Mr. W. Stroud (Vice-Presidents).

The meeting stood in silence as a mark of respect to the memory of John Wells and L. Knox-Leet, two Old Boys who had recently died, both from injuries received in motor-cycle accidents.

The Membership Secretary (Mr. G. H. Bacon) stated that nine Old Boys had joined the Association since the last meeting in March making a total membership of 297. Encouraging reports were received of the various activities of the Association. The Scholarship Fund, from moneys earned by the Insurance Bureau, was slowly but steadily growing, though the scheme is not so well supported by Old Boys as it deserves to be. The Playing Field Fund had gradually mounted since the effort of last summer. The St. Patrick's Night Dance, arranged by the Entertainments Committee for the benefit of the Playing Field Fund, resulted in a profit of over £45. The Miniature Rifle Club had just finished a successful season, the Athletic Club had made a promising start, the Cricket Club was in the midst of a full and enjoyable fixture list, and the Football Club was making arrangements for the next season.

The President congratulated three members, Messrs. F. A. Holloway, F. O. Meddows Taylor and L. F. G. Wright on successes in recent professional examinations.

The most important business of the meeting was the formation of an Old Farnhamians' Association Sports Club to co-ordinate the various sporting activities of the Association. Playing membership is confined to Old Boys who are members of the Association. Members and those interested in the School and the Association who are no longer active enough to play games, but are keen to support them, will be welcome as "honorary" members on making a donation to the Club's funds. By these means it is hoped to make the Club independent of financial sup-

port from the Association. The subscription of active members was fixed at 1/-, the particular sporting activity still to collect its own appropriate subscription from its own members.

The customary cricket match against the School ended in a victory for the "Present" by 17 runs. The full score is given elsewhere in the Magazine.

O.F.A. SPORTS CLUB.

The first meeting of the Sports Club Committee was held at the School on Friday, 31st July. The Headmaster presided, members present being: G. H. Bacon and J. E. Sims (Hon. Secretaries of the Association), P. A. Vanner and N. H. Hillyer (Football), C. E. Jones and F. O. Meddows Taylor (Cricket), L. F. G. Wright and L. E. Lord (Athletics), and R. H. Meddows Taylor and H. Elphick (Rifle Club).

L. F. G. Wright, Waterworks House, Darvill's Lane, Farnham, was appointed Hon. Secretary and Treasurer, with G. Maxwell Aylwin and E. C. Patrick as Hon. Auditors.

The subscriptions to the various activities were fixed as follows: Cricket, 5/-; Athletics, 2/6; Football, 7/6; and Rifle Club, 3/6. A Sub-Committee was appointed to arrange for some form of entertainment in order to start the Club on a good financial basis. It was resolved to issue an appeal to non-playing members of the Association and to non-members who might be desirous to support the objects of such a Club, asking for donations.

It was also decided to arrange for a "training" evening, in the School Gym., under an experienced instructor, for those members who wished "to keep fit."

The meeting was one of the most successful and "fruitful" of all meetings held in connection with the Association.

The Fête.

The date of it was July 25th—as last year a Saturday—and again it was held on the School Field. There were many other points of resemblance between the two occasions, but one important difference. Whereas in 1930 an intermittent drizzle caused some inconvenience, in 1931 we were subjected to a heavy downpour, which hardly ever abated. As a result, many admirable open-air side-shows suffered badly, and stall-holders had to find places in the hall and class-rooms. A special word must be given to the ladies who dispensed tea in the marquee: the heroism—no other word is adequate—with which they stuck to their task under very difficult conditions was remarkable. The result, a net profit of £138, was also truly remarkable on such a day.

At the opening Mr. R. W. Mason welcomed Major the Hon. Francis Needham and the Hon. Mrs. Needham, and explained the object of the function. It was the summer re-union of the O.F.A., and also a means of raising money for the Playing Field Fund—the fund which was already being used to convert the Memorial Field into a place where past and present Farnhamians could play their games. Mr. Mason expressed the hope that the School would be known as one of the best in Surrey, not only for education, but also for sport and character.

The Hon. Mrs. Needham then declared the Fête open, and was presented with a bouquet by J. E. Goddard. In thanking her, the Headmaster, who of course was organiser-in-chief, explained how the weather had interfered with the arrangements, and rendered some improvisation necessary. He appealed to

everyone to support the stall-holders—with good effect as the result shows.

In spite of the weather, the arranged athletic contest between the O.F.A. A.C. and the Godalming and District A.C. took place. Results :—

Long Jump.—1, C. E. Jones (O.F.A.); 2, F. Beale (G.); 3, J. C. Kingcome (O.F.A.); and R. Easterbrook (G.) 19ft. 7½ ins.

Mile.—1, H. W. Taylor (G.); 2, L. N. Poole (O.F.A.); 3, W. C. Wilkins (G.). 5 mins. 9 1-5 secs.

Clock Golf.—Miss I. Gravenor.

Ponies.—Mr. H. Robins.

Treasure Hunt.—Mr. A. T. F. Funnell.

Throughout the afternoon selections were played by the Band of the 2nd Battalion Cheshire Regt., and in the evening there was a concert arranged by Mr. E. A. W. Morris, assisted by Mrs. Biddy Mitchell, Miss Muriel Spinks, Mr. T. G. Jenkins and L. Israel.

For the subsequent dancing music was provided by the Incurrigibles' Orchestra, and the arrangements were made by Messrs. A. T. F. Funnell and J. M. Taylor.

The organisers are grateful to the following for various services :—The Rector (Canon E. M. Girling) and Mr. H. C. Patrick (for loan of streamers, which were covered and painted by Mr. H. C. Patrick); permission to hang being given by Messrs. Patrick, Darracott and Langham; Messrs. Watney, Combe, Reid and Co. lent a big marquee, also trestle tables, and provided transport; Major H. R. Robins lent two marquees and bell tent, for which Messrs. A. Robins and Sons provided transport. The Directors of the Town Hall Company provided chairs at a nominal charge, and Messrs. Hickey and Co. (per Mr. E. Barnard) supplied transport; Messrs. A. J. Figg and Son (who also provided transport) lent stall frames; Mr. H. Smither (O.F.A.) lent canvas awnings; Messrs. Pearson (Fleet) undertook certain transport work; The Farnham Co-operative Society, the Committee of the Wrecclesham Village Hall, and the Liberal Club lent tables, and transport was provided by the Co-operative Society and Mr. F. Rawlinson; Messrs. Lintern and Peters loaned crockery and cutlery (and provided transport); many parents and friends lent deck chairs; the directors of "The Empire," Aldershot, for advertisement; ponies were provided by Messrs. A. Robins and Sons.

The New Playing Field.

Towards the end of August, the work of levelling the ground was started, under the direction of Mr. R. W. Cass. Only two labourers are being employed at present. The number will be increased as and when the Works Committee thinks fit.

A word about money. We have now got £509. The lowest quotation, for levelling alone, by a firm of contractors was £1,133. That is the reason why we are doing the job by direct labour.

Owing to certain unforeseen factors, the Committee underestimated the amount of money required, but it is of the opinion that £600 approximately will suffice for the levelling alone. But this does not allow for soiling over, and purchasing and sowing grass seed. It is too early to mention a definite maximum, but I hope that it can be left to the O.F.A. to finish the task they undertook.

I do not think it desirable that we should have another Fête next year, but I sincerely hope that the Old Boys will be able to think of ways and means for raising money. In the meantime, will Old Boys please remember that the subscription list is still open? And if there are any other friends of the School who would like to contribute, will they please note that any subscriptions—large or small—will be welcome?

O.F.A. CRICKET CLUB.

Despite the cancellation of several games owing to bad weather, the Club can claim to have had a moderately successful season.

Seventeen matches were played in all, which included several evening games, and of the whole six were won and 11 lost, with an average of 6.35 runs per wicket, against our opponents' 7.15.

Low scoring ruled owing to the continuous wet weather providing many sticky wickets. This was also responsible for the lack of net practice. However, the evening games provided some much needed practice and encouragement, for which we are indebted to L. E. Lord, whose initiative and "spade-work" in arranging these games were much appreciated.

E. C. Patrick and J. Wing can claim a useful average in batting, the former with an average of 14 for 10 innings played, and the latter with 10.2 for 17 innings. The brunt of the bowling was borne by H. Wilkinson (who took 40 wickets),

L. E. Lord (34 wickets), and J. Wing (30 wickets), but the fielding generally was again poor.

F. O. M. Taylor was Captain, and L. E. Lord Vice-Captain. These, with C. E. Jones (Hon. Secretary), E. C. Patrick, L. J. Sherrington and R. L. Wells, constituted the Committee.

The Hon. Secretary desires, on behalf of the Club, to express his sincere appreciation and thanks to those members who made a generous contribution in providing gear, and also to those gentlemen who were kind enough to place their cars at the service of the Club for away matches during the season. This unselfishness on their part cannot be over-estimated.

Insurance Bureau.

Since the last Magazine issue, Mr. C. B. King has been sent down to the district from Royal Exchange headquarters to devote four days a week entirely to Bureau business, in much the same position as Mr. Middleton, who did such good work last year. Already, during his few months of work, the income from the scheme has shown a marked and encouraging rise, and in view of the disheartening period of depression in the business world which has co-incided with his term of work, the results are especially remarkable.

The accounts do not close until the end of November, so that exact figures are not yet available, but it appears that cash receipts for the year will exceed £50, while further business assures a substantial income to follow above these figures.

In a word, the scheme continues to prove itself a quiet and permanent success, justifying the faith which the Association has placed in it. That faith can still be strengthened by good works (*e.g.*, good lives and motor cars, etc.!).

The Lamp of Service.

“There is a saying, ‘Youth must be served.’ We say, ‘Youth must serve.’”—H.R.H. the Prince of Wales to Toc H.

“Toc H” is, as most people know, signallers’ jargon for the initials of “Talbot House.” During the War, Talbot House was a Club, both at Poperinghe and at Ypres, for every man in the fighting forces, from General to Private. The guiding principle of the Club was the fact that all its members, irrespective of rank, were engaged together in the common service of their country.

During the winter of 1919-1920, Talbot House was re-born as an Empire-wide organisation linking together men of all ranks and classes who are inspired by the need for friendship,

sacrifice and service. To that end, it guides itself by what are known as the "Four Points of the Compass": Fellowship, Service, Fair Thinking and the Kingdom of God, and, so that the fourth point may not be forgotten, there is a lamp, relit whenever a branch of the Club meets, with its encircling inscription, "In lumine tuo videbimus lumen" (In Thy light shall we see the light).

What has this to do with Schools, it may be asked? The answer is that there is a Schools' Section of the Toc H, whose objects are :—

- (i.) To acquaint those who leave Schools with the many opportunities for the adventure of service;
- (ii.) To introduce to Toc H itself all those who also agree with the other three "Points of the Compass," and wish to try to follow them out;
- (iii.) To use the world-wide growth of Toc H for helping those who are going abroad either direct from School or in a few years.

Thus, a boy on the point of leaving School can be put in touch with ways of service, even though he does not take any further steps and join Toc H.

On general grounds, it must be obvious to any boy who has had the advantages of a Public School or a Secondary School training that there is much work within his scope, especially in view of the fact that nine-tenths of the boys of the land leave School at 14. Think of Scouting, Boys' Brigades, Boys' Clubs, visiting hospitals, helping to run libraries, and helping the blind or the deaf.

How does all this affect F.G.S.?

There is a branch of Toc H in Farnham. During the last two years, here are some of the things they have done by way of service :—Carol singing for the blind, putting up wireless sets for the blind, visiting and entertaining the sick, helping in Boys' Club work, and gardening for old people who cannot afford a gardener.

Here, then, is a magnificent organisation ready to enlist the services of any likely boy, who upon leaving School wants to do something for others. It does not matter whether he will be staying in the locality or living, say, in London, or going abroad. He can be "put into touch" through his Headmaster.

If there are any Old Boys who would like to do something, will they please let me know? And will Present Boys note the contents of this article "for future reference"?

News of Old Boys.

Congratulations—though somewhat belated!—to L. V. Lance (1915-1918) and A. T. Simmonds (1908-1909) on the occasions of their respective marriages.

H. A. P. Phillips (1919-1920) is now at the Midland Bank, Canterbury.

E. C. Patrick (1920-1926) reached the Second Stage of the King's Prize at Bisley.

P. A. Lintern (1922-1930) won the Open Local Handicap, 100 Yards, and the Open Breast Stroke, 100 Yards, at the Farnham Swimming Sports last July.

H. G. Hopkins (1926-1931) has entered the Merchant Service as a Midshipman. He is on the motor vessel "Glenshiel," voyaging to China.

C. E. Jones (1923-1929) won the Open and Local 100 Yards at the Milford Sports on Bank Holiday.

J. W. Mack (1923-1931) and F. W. German (1922-1930) tied for the Championship of the Farnham Swimming Club, German winning the "swim-off."

J. Meddows Taylor (1918-1926) has obtained his B.Sc. (London), with 2nd-Class Honours in Civil Engineering.

W. I. C. Shipley (1920-1923) is now in South Africa, where he is working for ordination as a Minister under the South African Wesleyan Methodist Conference.

J. C. V. Ground (1923-1930) is learning farming at Melbourne, about 100 miles from Winnipeg, Canada.

T. G. Lyons (1924-1927) passed into the Royal Military College, Camberley, last August, and is enjoying "a wonderful life here, but I naturally find it somewhat strenuous after the life of ease and comfort which I led at Farnham."

F. C. Haigh (1924-1926) is with the British India Steam Navigation Company's Indian Coasting Service. The Company's ships trade with China, Japan and the Far East, Australia, East Africa, Red Sea Ports, Basra (Iraq) and Persian Gulf, with headquarters at Calcutta. He is enjoying the life, and on his last voyage visited Tokio, Japan, and had an interesting time in the district devastated by the earthquake. He is serving on s.s. "Tilawa."

E. G. Marsh (1922-1926) is still "jogging along" very cheerfully at Shabana, Southern Rhodesia, looking forward to some cricket!

J. H. Cooke (1920-1927), appointed as an Instructor Lieutenant, R.N., on board H.M.S. "Durban" (a cruiser of

some 4,600 tons), is now on a South American cruise. The cruise includes Bahia (October 28th-November 2nd), Rio de Janeiro (November 5th-12th), Santos (November 13th-17th), Montevideo (November 20th-27th), Buenos Aires (November 27th-December 7th), Puerto Belgrano (December 9th-14th) and Falkland Islands (December 17th—over Christmas and the New Year). He then goes through the Straits of Magellan for a cruise along the west coast of South America.

A. F. J. Elmslie (1921-1923), Lieutenant in the R.A.S.C., has passed the examination for Associate Membership of the Institute of Mechanical Engineers.

H. R. Whetman (1919-1921) writes from Lahore, India, where he is engaged with the Imperial Chemical Industries (India). "If I write anything about what I'm doing in this —— country, I suppose you'll publish it in the Magazine or do something equally fatal. For any news I'll refer you to Whetman I.!" (Coward!—Ed.). He hopes to get down to Farnham somewhere in 1933.

R. F. Baker, G. F. Till, N. H. Hillyer and J. C. Kingcome did yeoman service for Farnham Cricket Club during last season.

C. Elson, on the B.I.S.N. Co. Steamer "Manela," writes an interesting letter about his life afloat, and wants more boys of the School to enter the Merchant Service. He finds a remarkable number of Old Farnhamians in his own Company, and among them he mentions B. F. Wheatley, R. C. Aldridge, F. C. Haigh and B. K. Ground. He found it still more remarkable when the fourth officer of the "Manela" turned out to be F. C. Connolly (1916-1919). He has been voyaging to India and Africa, and next year will be studying for his second mate's certificate.

He gives the following information for those thinking of going to sea. In general, it is necessary to pass the Matriculation Examination and the Board of Trade's eyesight test. The outfit costs about £70. It is important to choose a good Company, "or one will find that the shipowners' chief object is not the training of an officer, but merely the employment of cheap labour." A premium of £50 is required, and the pay for the first four years is nominal. We gather that there is a certain amount of work, both manual and mental, but when in port there is a succession of dances and football matches, and a round of gaiety. Elson's address is:—c/o British India Steam Navigation Co., Ltd., R.A. Docks, E.16.

Varia.

The Dance organised by the Sports Club was held at the Memorial Hall on October 16th. Mr. Hugh Robins acted as M.C., and about 250 Old Boys and friends were present. Mr. A. T. F. Funnell arranged the scenic effects. The Club funds benefited to the extent of about £8.

The Football Club has entered a team in the Farnham and District Junior League, and is also competing in the Runwick Charity Cup and the Rayner Cup. The "A" team (run by Mr. E. G. Glynn) has a very full fixture list. The subscription is 7/6 for the season, members playing an occasional game paying 6d. a match. Old Boys wishing for a game should write to the Hon. Secretary at the School.

The Athletic Club defeated Godalming A.C. by 31½ points to 27½ points on July 25th. Details are given in the account of the O.F.A. Fête.

The Miniature Rifle Club, using the School Range, meets on Monday evenings at 7.15 p.m. The subscription is 3/6, and the Hon. Secretary, Mr. H. Elphick, West Street, Farnham, would be pleased to hear from Old Boys interested.

The Sports Club has arranged for a training evening every Wednesday at 8 p.m. in the School Gym, under a competent instructor. Members are cordially invited to attend for a most enjoyable and beneficial hour's exercise.

The Annual Dinner will be held on Saturday, January 16th, 1932, at the *Bush Hotel*, Farnham. Details will be sent to members in due course.

The O.F.A. Football Shirt is now of blue and white halves (reversed), with maroon collar and sleeves.

The Spring General Meeting will be held at the School on Saturday, March 12th, 1932.

O.F.A. Badges (3/6) and Ties (4/6) post free, can be obtained from Mr. G. H. Bacon at the School.

O.F.A. Blazers—the same colours as the Tie—are now available.
